# About us

We are a family owned company with German Technology and Mind located in Mexico serving the World with more than 60 years of experience in PRECISION MACHINING for high quality components used in the automobile, aerospace and other industries.

We specialize in offering engineering, process design, and machining for different type of materials, shapes and sizes.

# Our equipment

Swiss type CNC Lathe

Circular Sawing

Two Spindle CNC Lathe

One Spindle CNC Lathe

# Our equipment

Bar-Feed CNC Lathe

Vertical CNC Lathe

CNC Centerless Grinding

# Our equipment

TYPE	BRAND	MODEL	NO. OF SPINDLES	NO. OF TOOLS TURRETS	LIFE TOOLS	C AXIS	Y AXIS
Horizontal Lathe with Chuck	Doosan	Puma 2600SY	2	1	Yes	2	1
Horizontal Lathe with Chuck	Doosan	Puma GT2100	1	1	No	No	No
Horizontal Lathe with Bar - Feed	Index	ABC	1 + Sub	2 + back	Yes	2	No
Horizontal Lathe with Bar - Feed	EMCO	Hyperturn 45	2	2	Yes	2	1
Horizontal Lathe with Chuck	EMCO	Turn E65	1	1	Yes	1	No
Vertical Lathe with Chuck	EMCO	VT250	1	1	Yes	1	No
Vertical Lathe with Chuck	EMAG	VL4	1	1	Yes	1	No
Vertical Lathe with Chuck	EMAG	VL3 DUO	2	2	Yes	1	No
Horizontal Lathe Swiss Type	Tornos	Swiss ST26	2	3	Yes	2	2
Horizontal Lathe Swiss Type	Tsugami	B0385-III	2	3	Yes	2	1
Horizontal Lathe Swiss Type	Tsugami	B0205-III	2	3	Yes	2	1

# Our equipment

TYPE	BRAND	MODEL
Centerless CNC Grinding	Paragon	RC-18CNC
Circular Saw up to 150 mm cut	Kasto	SpeedC15
Universal Circular Saw	Kasto	Radial U10
Universal Lathe	EMCO	Emcomat 20-D
Universal Mill + Drilling	EMCO	Emcomat FB-3
Air Compressor	Kaeser	AS 30 T

**Additional we have  
other equipment to  
support the daily  
operations**

# Dimensions + Materials

## DIMENSIONS WE WORK WITH

Type	Min. Diam.	Max. Diam.
Bar Feed	8 mm.	52 mm
Chuck		400 mm.
Centerless Grinding	8 mm.	30 mm
Circular Saw		150 mm.

## MATERIALS WE WORK WITH

Steel	Stainless Steel
Aluminum	Gray and Nodular Iron
Brass	Exotic Materials (Titanium, Inconel, others)
External Foundry suppliers	Nodular and Gray Cast Iron

# Our experience within the industry

Open for new projects

Agricultural

Automotive

General Industry

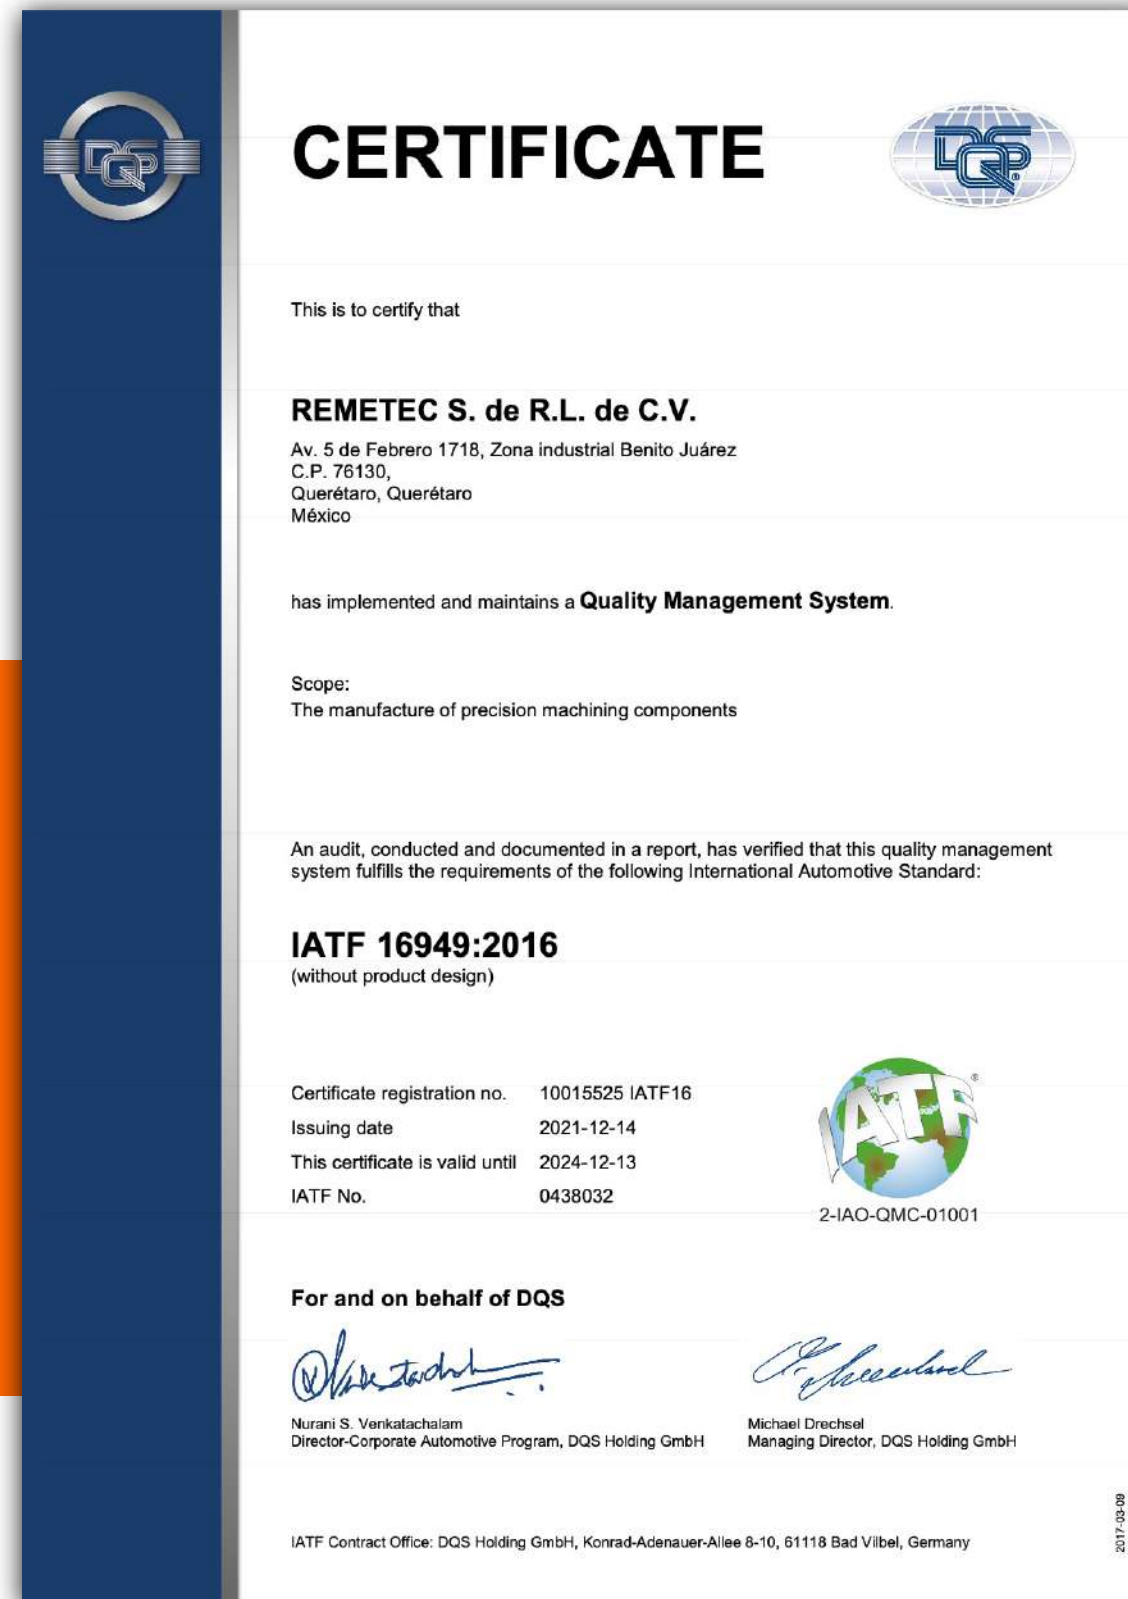

Aerospace

# Our location

Located in the center of Mexico, in the city of Querétaro, where most of the Automobile Components Plants, Aerospace Companies and many other companies are located.

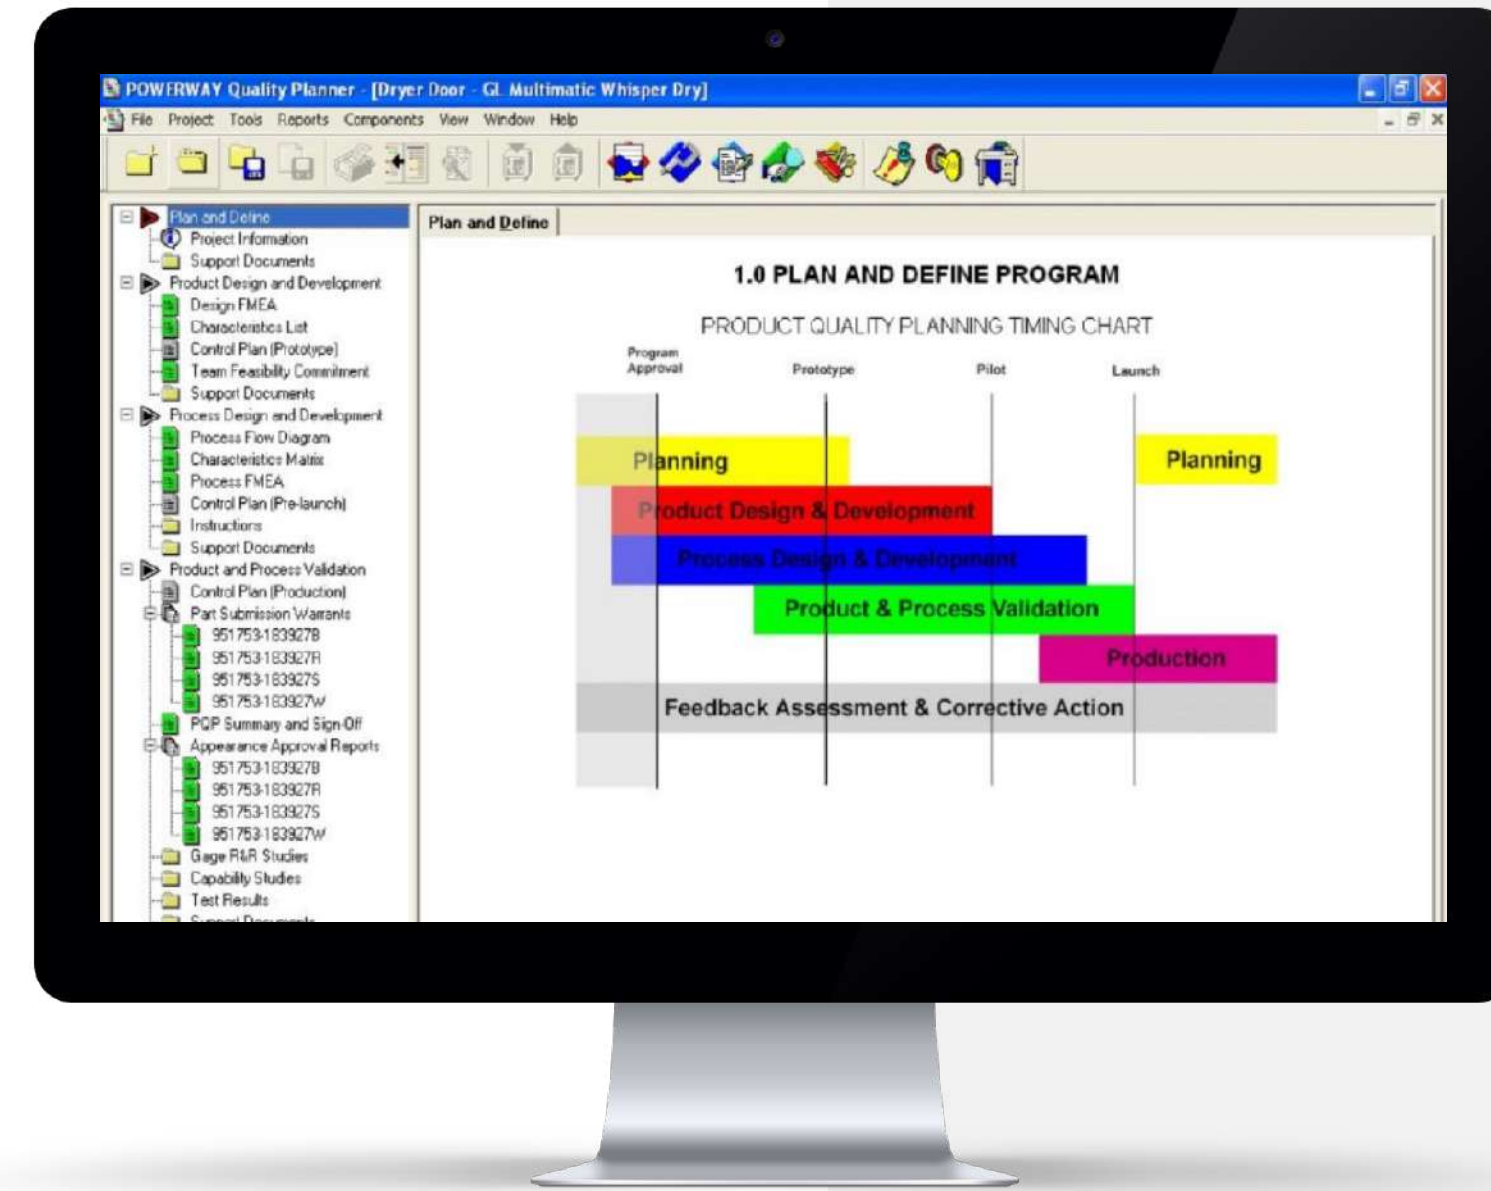

# Quality and certifications

# Quality

## APQP Software

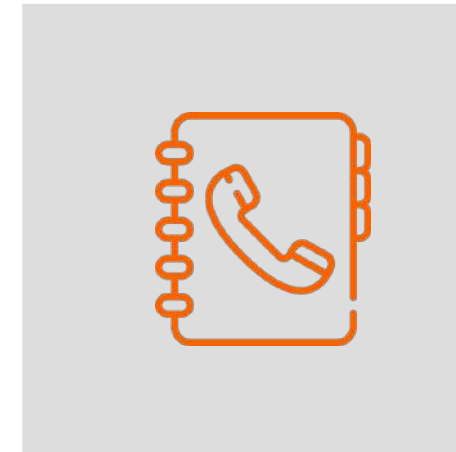

PPAP, Control Plan, FMEA, MSA, SPC, 8D

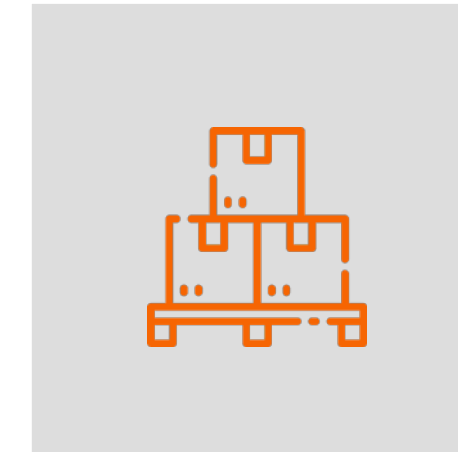

# REMETEC becomes an extension of your company

Specialized  
know-how

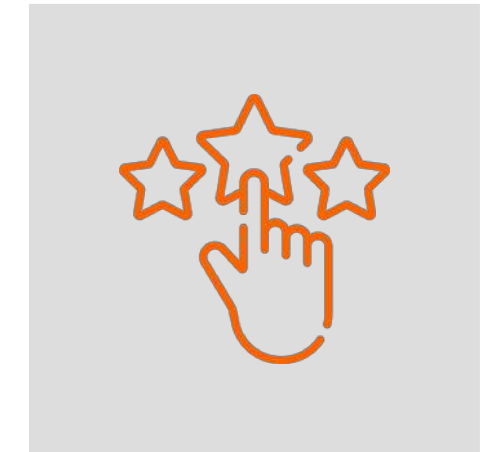

Good contacts  
with different  
type of suppliers  
worldwide

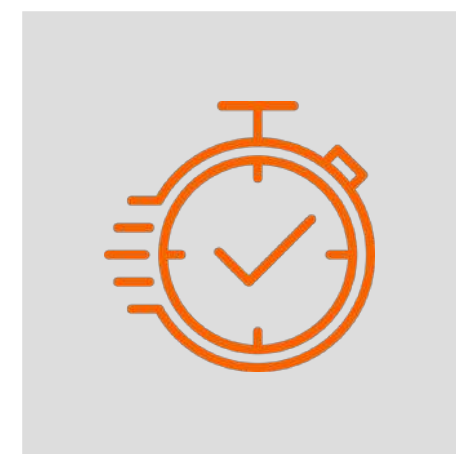

Flexibility by  
supplying  
middle to high  
quantities

Production of  
middle to high  
complexity  
parts

Focused on total  
customer satisfaction  
based on a robust  
and continuous  
quality process

Cero late parts  
deliveries to our  
customers in  
the current year

Finished  
parts always  
available

Ability to  
invest in new  
CNC equipment  
and additional  
equipment  
as required

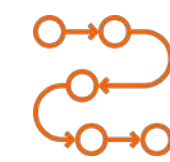

Option for  
expansion  
in the  
production  
floor

# We go the extra mile for our clients

## KNOW HOW

Knowledge and training in Germany

## 5S SYSTEM

Maximizing efficiency

## STATE OF THE ART CNC MACHINING

## SYSTEMATIZED PROCESSES

Production and administration

## CERTIFICATIONS

ISO 9001:2015  
ISO 14001:2015  
IATF 16949:2016

## EFFICIENT INFORMATION

Simplified Decision making

# Let's recap Why REMETEC?

KNOW  
HOW

HIGH LEVEL  
SERVICE

TOP QUALITY  
PRODUCTS

COMPETITIVE  
PRICE

**We look forward  
to assisting you  
in your projects.**
